Enjoy peace of mind
with Miele Maintenance Service.

Maintenance Service

Quality guaranteed.

Miele appliances are designed and built to the highest quality, durability, innovation and tradition but it is reassuring to know that if your appliance does ever require a service or maintenance, Miele is here to assist you.

Exclusive protection.

For peace of mind we would like to introduce you to the 'Miele Maintenance Service' program which is a professional 'Preventative Maintenance and Performance' assessment.

Our qualified Miele Service Technician will conduct the visit according to the latest service protocols as recommended by Miele Germany. In addition, you will receive valuable tips and tricks for operating and maintaining your Miele appliances to ensure optimum performance.

This service includes a professional preventative maintenance and performance check of up to three Miele domestic appliances for a single charge. Additional appliances can also be included during the visit for an additional fee.
